## SUMMARY

CTO, ML Engineer and Doctoral Student at Federal University of Minas Gerais (UFMG), with a strong background at the intersection of Artificial Intelligence and Cybersecurity. Specialized in critical systems architecture, I lead technological transformation across multiple domains. From developing complex neural networks to orchestrating incident response operations. By bridging academic rigor with hands-on management experience, I focus on scaling secure, efficient technological solutions that are fully aligned with strategic business objectives.

## KEY COMPETENCIES

### Languages

- Python
- C
- C++
- C#

### Libraries

- PyTorch
- Pandas
- Scikit-learn
- Statsmodels
- Scypi
- Numpy
- Seaborn

### Technologies

- AWS
- SonarQube
- Jenkins
- OwaspZap
- Wazuh
- Shuffle
- TheHive
- Cortex

## EXPERIENCE

- **Nox Engenharia** - Chief Technology Officer
  - April 2026 - Present
- **Aika Editora** - Chief Technology Officer
  - April 2026 - Present
- **Ramos & Santana Advogados Associados** - Chief Technology Officer
  - April 2026 - Present
- **JRL Engenharia** - Chief Technology Officer
  - April 2026 - Present
- **ADAC Motors** - Chief Technology Officer
  - April 2026 - Present
- **Radio Memory** – Machine Learning Engineer
  - January 2025 - Present
- **UFMG** – Researcher (Scientific Initiation Program)
  - September 2024 - November 2025

- **Plural Systems Eirel** – *Intern (FullStack)*
  - March 2024 – September 2024
- **Adac Motors LTDA** - *Intern*
  - January 2024 – March 2024
- **Universo Licitações** - *Software Development Assistant (C#)*
  - July 2021 - December 2023

## ACADEMIC BACKGROUND

- **Doctors's Degree, Computer Science** - (June 2026 – Present)
  - UFMG
- **Bachelor's Degree, Computer Science** - (January 2021 – December 2025)
  - UFMG
- **Bachelor's Degree, Computer Science** – (January 2020 – December 2020)
  - Pontifical Catholic University of Minas Gerais (PUC Minas)

## LANGUAGES

English - Advanced  
Portuguese - Fluent

## COURSES

Tempest Academy Conference 2024 - [Credential ID](#)

CS50's Introduction to Cybersecurity - [Credential ID](#)

Cisco Cyber Threat Management - [Credential ID](#)
